

## STUNNING BESPOKE KITCHEN DINING ROOM EXTENSION WITH SNUG AREA

### Location:

3 bedroom detached family home in Northbourne

### The Brief:

*TO CREATE A LARGE MODERN KITCHEN AND DINING ROOM AREA WITH FRENCH DOORS*

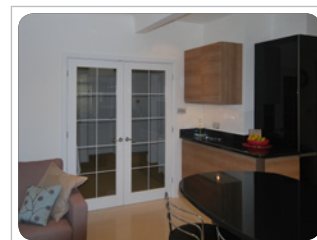

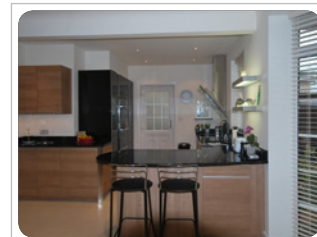

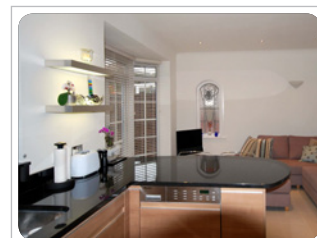

The client originally had a small kitchen and dining room which they wanted to bring together to create a large family kitchen diner.

### The requirements for extension:

- Remove wall between the kitchen and dining room to form large kitchen and snug area
- Form new internal opening and fit French doors from hall into kitchen
- Alter plumbing and electrics to new plan layout
- Fitted luxury bespoke German kitchen

### The transformation:

The removal of the existing wall completely opened up the kitchen area of the house. A stunning modern bespoke German kitchen was then fitted which is a focal point of the house. The dining area also encompasses a snug/seating area something which the client desired.

### Testimonial:

**"We would just like to say how pleased we are with the kitchen. We were very impressed with your high standards of workmanship and all the tradesmen which you employ.**

**Nothing was too much trouble and you always exceeded our expectations in everything you did, ensuring the project went well and smoothly and above all we were confident in knowing that we could rely and trust you implicitly.**

**Lastly we would have no hesitation in recommending you to anyone".**
